

OVERVIEW

[The Georgia Screen Entertainment Coalition](#) (GSEC) is a statewide advocacy group representing the film, television and digital entertainment industry in Georgia. An affiliate of the Georgia Chamber of Commerce, we work with business leaders, elected officials and other strategic partners to protect and promote the film, television and digital entertainment tax credits that ensure the screen entertainment industry's continued investment in Georgia.

GSEC was formed through collaboration between the largest and most productive Georgia-based film, television, and digital media studios, businesses working to develop the industry infrastructure in our state, and partners that represent Georgia's deep crew base.
