Employers Can No Longer Afford To NOT Have A Drug Free Workplace Program In Place!

A recent National Safety Council survey found that while more than 70 percent of US employers have felt an impact from prescription drug misuse, fewer than 20 percent feel "extremely prepared" to deal with the issue.

"The Opioid Epidemic is the Worst Drug Crisis in U.S. History"

President Declares Opioid Epidemic a National Emergency
August 10, 2017

Prescription *opioid abuse* ALONE cost employers more than
\$25 billion

The legal liability is now just too great to not have a substance abuse policy and a drug free workplace program in place.
