Households in designated counties can apply for \$750 in relief right now

## **MEAG Power**

Storm Updates

## **US Chamber Foundation - National Disaster Help Desk**

The U.S. Chamber of Commerce Foundation manages the National Disaster Help Desk. They activate to support disaster-impacted communities and their businesses, if needed in your recovery effort. They support (not supplant) existing systems and communications between chambers, businesses, non-profits, local/state/federal governments and fill gaps when needed.

The Disaster Help Desk can be reached at **888-MY-BIZ-HELP (or 888-692-4943)**.

The Help Desk will provide coordination of information among businesses, local chambers of commerce, nonprofits, government, and disaster recovery specialists. The purpose is to support and enhance existing systems, and facilitate information sharing where there are gaps. You should call if:

- You want information about what to do and/or recovery best practices.
- You are in the impact area and want help navigating FEMA, SBA, and other assistance programs.
- You are in the impact area and are not sure who to call for a particular need or assistance.
- You want to support the recovery process and connect with chambers or businesses in the impacted area.

## **National Disaster Help Desk - Disaster quick guides**
